Gretchen Owocki

"As we work within the Common Core, we must take care to not lose sight of meaningful teaching and learning. In working toward the new standards, kids are going to be doing hard things. But children can still write for reasons that matter. This is not inconsistent with the goals of the Common Core State Standards."

-Gretchen Owocki

"My goal with *The Common Core Writing Book*," writes Gretchen Owocki, "is to support K-5 teachers as they provide differentiated instruction in relation to the ten Common Core writing standards." Gretchen presents a comprehensive framework of strategies that help you choose the best path for meeting students' needs and the Common Core standards.

As she did for reading in the bestselling *Common Core Lesson Book*, Gretchen empowers teachers with information and proven practices. She breaks the writing anchor standards into manageable chunks, emphasizing differentiation, engagement, and writing for authentic purposes. She offers:

- a clear description of what each standard asks from students
- instructional decision trees that connect assessment to planning
- instructional strategies that gradually release responsibility to students
- suggestions for tailoring support to meet students' individual needs.

"Because effective teaching does not emerge from a mandate, a state office, or a manual," writes Gretchen Owocki, "we must avoid paths that cast educators as secondary decision makers or that offer quick solutions or static packages." Whether you turn to *The Common Core Writing Book* to enhance your current curriculum or to design your own, Gretchen Owocki will help you create instruction that is standards focused and student centered.
