With the marriage of *The Wizard of Oz's* most beloved song and the iridescent paintings of one of America's most beloved artists, comes Mary Tiegreen's beautifully designed *Over the Rainbow*, the fifth installment in Welcome's fabulous Art & Poetry series.

Very few songs have taken hold of our hearts and imaginations the way "Over the Rainbow" has, stirring up wistfulness and a longing to be free. These lyrics, so evocative of light and color, have found thier perfect match in the paintings of Maxfied Parrish. These paintings seem to generate a light of their own, reflecting off the words on each page, and the result is a feeling of warmth and exuberance, and a sense that dreams "really do come true."
