United States of Japan

Peter Tieryas

United States of Japan Peter Tieryas

Decades ago, Japan won the Second World War. Americans worship their infallible Emperor, and nobody believes that Japan's conduct in the war was anything but exemplary. Nobody, that is, except the George Washingtons - a shadowy group of rebels fighting for freedom. Their latest subversive tactic is to distribute an illegal video game that asks players to imagine what the world might be like if the United States had won the war instead.

Captain Beniko Ishimura's job is to censor video games, and he's working with Agent Akiko Tsukino of the secret police to get to the bottom of this disturbing new development. But Ishimura's hiding something... He's slowly been discovering that the case of the George Washingtons is more complicated than it seems, and the subversive videogame's origins are even more controversial and dangerous than either of them originally suspected.

Part detective story, part brutal alternate history, *United States of Japan* is a stunning successor to Philip K Dick's *The Man in the High Castle*.

File under: Science Fiction [Gamechanger | Area #11 | Robot Wars | Strike Back the Empire]
