Dermal fillers are the fastest growing tools in the cosmetic physician's armamentarium for refreshing the appearance of patients. This book demonstrates effective, best-practice use for superb patient results. Augmented by a DVD of procedural videos, it shows you how to match patient, treatment, and filler for maximum results.

Taking a patient-centered approach, Dr. Jones reviews the advantages and disadvantages of each filler according to anatomical application. Opening chapters cover the cosmetic patient consultation and guidelines for local anaesthesia in the use of injectable fillers, followed by individual chapters on:

- Hyaluronic Acids
- Calcium Hydroxylapatite Microspheres
- Evolence and Evolence Breeze
- Sculptra
- Liquid Injectable Silicone
- Hydrogel Polymers
- Artefill

An extensive chapter on complications from soft-tissue augmentation of the face explains how to avoid and manage peri-procedural issues. Closing chapters supply a cheek enhancement guide for the aesthetic injector and a review of the clinical applications of hyaluronic acids, which are currently the most commonly used fillers.

With careful coverage of basic science, safety and efficacy data that have led to FDA approval, safe and effective injection techniques, and appropriate indications for each filler, this concise volume provides a dependable source of important information for dermatologists, aesthetic medicine practitioners, plastic surgeons, and all practitioners who work with injectable fillers.

#### **Richard King:**

As a university student exactly feel bored in order to reading. If their teacher questioned them to go to the library as well as to make summary for some publication, they are complained. Just very little students that has reading's spirit or real their pastime. They just do what the educator want, like asked to go to the library. They go to at this time there but nothing reading significantly. Any students feel that reading through is not important, boring as well as can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this Injectable Fillers, Enhanced Edition: Principles and Practice can make you truly feel more interested to read.

#### **April Brooks:**

What is your hobby? Have you heard that question when you got college students? We believe that that problem was given by teacher with their students. Many kinds of hobby, All people has different hobby. And also you know that little person just like reading or as reading become their hobby.
