Ronnie: The Autobiography Ronnie Wood

For the first time, a member of the world's most famous rock 'n' roll band tells his—and their—story. Raw, unsanitized, nasty and fascinating. An incredible journey.

The first of his family to be born on dry land, Ronnie Wood came from a family of water gypsies and was raised in a council flat near Heathrow Airport. Growing up only wanting to paint and play music, Wood was always talented. And in the 1960's, he was often in the right place at precisely the right time—becoming the guitar player for everyone from the Birds to Jeff Beck to the Faces and then to Rod Stewart . But Wood and his guitar-playing became super-charged when he joined The Rolling Stones. They were rock royalty from their earliest days, and from the first time Wood performed with the band, careening down New York City's Fifth Avenue on a flatbed truck Wood has been at the center of the court and in the middle of the ferment. No band has ever combined the Stones' success--both artistically and materially—with their longevity. No other band has ever survived the creativity and clashes of such big personalities.

But with success came excess—and as mayhem and hysteria followed Ronnie on his adventures through the extremes of rock 'n roll, the drugs got harder and his relationships—especially with Mick Jagger, Keith Richards and the women in his life—became increasingly complex.

A fascinating portrait not just of the Stones, but of the greatest rockers of the 1960's and beyond—from Eric Clapton to Rod Stewart, Jimmy Page to Keith Moon, Jimi Hendrix to Pete Townshend—RONNIE is a rich, revelatory book. Readers have never had a view of the rock world like this before.

From reader reviews:

Bruce Butera:

Reading a guide tends to be new life style on this era globalization. With examining you can get a lot of information that can give you benefit in your life. Along with book everyone in this world can easily share their idea. Ebooks can also inspire a lot of people. A lot of author can inspire their very own reader with their story or their experience. Not only the storyline that share in the publications. But also they write about the information about something that you need example. How to get the good score toefl, or how to teach children, there are many kinds of book that you can get now. The authors on this planet always try to improve their proficiency in writing, they also doing some analysis before they write to their book. One of them is this Ronnie: The Autobiography.

Donald Jones:

Why? Because this Ronnie: The Autobiography is an unordinary book that the inside of the e-book waiting for you to snap it but latter it will surprise you with the secret the idea inside. Reading this book next to it was fantastic author who also write the book in such incredible way makes the content inside of easier to understand, entertaining means but still convey the meaning completely. So , it is good for you for not hesitating having this any longer or you going to regret it. This excellent book will give you a lot of rewards than the other book get such as help improving your talent and your critical thinking method. So , still want to delay having that book? If I were you I will go to the publication store hurriedly.

Raymond Langford:

Playing with family inside a park, coming to see the sea world or hanging out with close friends is thing that usually you may have done when you have spare time, in that case why you don't try point that really opposite from that. One particular activity that make you not experience tired but still relaxing, trilling like on roller coaster you are ride on and with addition info. Even you love Ronnie: The Autobiography, it is possible to enjoy both. It is fine combination right, you still need to miss it? What kind of hang type is it? Oh can happen its mind hangout guys. What? Still don't have it, oh come on its known as reading friends.

Randall Wilmes:

Do you like reading a publication? Confuse to looking for your preferred book? Or your book ended up being rare? Why so many question for the book? But any people feel that they enjoy to get reading. Some people likes looking at, not only science book but in addition novel and Ronnie: The Autobiography as well as others sources were given knowledge for you. After you know how the great a book, you feel would like to read more and more. Science reserve was created for teacher or even students especially. Those books are helping them to include their knowledge. In other case, beside science e-book, any other book likes Ronnie: The Autobiography to make your spare time more colorful. Many types of book like here.
