Anthology: Secrets In Plain Sight

Scott Onstott

Anthology: Secrets In Plain Sight Scott Onstott

This anthology contains sixty-six essays published between June 2011 and November 2015 on the Secrets In Plain Sight. The content has been edited and some new material added for this compilation. Follow along with Scott Onstott's symbolic and geometric synthesis of great art, architecture, urban design & the cosmos in more than 1,000 images and 100,000 words. The essays are presented sequentially so you can follow Onstott's research and changing worldview as it expanded from coincidence and conspiracy to consciousness and ultimately something close to "providence." The author sees providence as the influence of unseen, but not necessarily undetectable actors—be they spirits, higher-selves, higher-dimensional beings and/or the universe itself and that all such actors are aspects of awareness manifesting materiality through number, geometry and musical harmony.
