The Bone Tree: A Novel by Greg Iles (Penn Cage, Book 5) | Summary & Analysis

This is a Summary & Analysis of The Bone Tree. Greg Iles's latest installment, presents the ongoing stories of Penn Cage and others as they pursue cop-killing fugitives, uproot police corruption, work to redress the failures of racist policing in the past and uncover the truth behind the assassination of President Kennedy. A sprawling novel, it exhaustively details some four days in the lives of its characters, bringing some close to great triumph before snatching it away from them and dragging others into the depths of despair, offering them little if any hope.

The novel continues the Penn Cage series through an ongoing investigation of police corruption, organized crime and historical conspiracy in a driving, fast-paced narrative. Effective characterization and an authentic milieu, as well as engagement with some of the most fraught parts of the history of the United States, make the novel a compelling read well worth the time spent in doing it. Paced tightly, characterized well and written euphoniously, it rewards well the reader who sticks with the task of plowing through its pages. It is clearly not the end of its narrative arcs, and so readers of the Penn Cage series will surely have more to which to look forward after reading the current installment.

This companion to The Bone Tree also includes the following:

- Book Review
- Story Setting Analysis
- Story elements you may have missed as we decipher Greg Iles' novel
- Clear, concise description and analysis of personalities
- Summary of the text, with some analytical comments interspersed
- Thought Provoking /or Discussion Questions for both Readers & Book Clubs
