Leopold Classic Library is delighted to publish this classic book as part of our extensive collection. As part of our on-going commitment to delivering value to the reader, we have also provided you with a link to a website, where you may download a digital version of this work for free. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. Whilst the books in this collection have not been hand curated, an aim of our publishing program is to facilitate rapid access to this vast reservoir of literature. As a result of this book being first published many decades ago, it may have occasional imperfections. These imperfections may include poor picture quality, blurred or missing text. While some of these imperfections may have appeared in the original work, others may have resulted from the scanning process that has been applied. However, our view is that this is a significant literary work, which deserves to be brought back into print after many decades. While some publishers have applied optical character recognition (OCR), this approach has its own drawbacks, which include formatting errors, misspelt words, or the presence of inappropriate characters. Our philosophy has been guided by a desire to provide the reader with an experience that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic book, and that the occasional imperfection that it might contain will not detract from the experience.

For anyone who is having difficulties in bringing the printed book maybe the form of The story of the alphabet in an e-book can be your alternative.

Linda Harris:

This The story of the alphabet is a great e-book for you because the content which can be full of information for you who always deal with the world and still have to make a decision every minute. This book reveals its details accurately using great plain words or we can say no rambling sentences within it. So if you are reading it hurriedly you can have whole info in it. Doesn't mean it only will give you straight forward sentences but tough core information with wonderful delivering sentences. Having The story of the alphabet in your hand like finding the world in your arm, details in it is not ridiculous a single. We can say that no e-book that offers you the world with ten or fifteen small bits but this publication already does that. So, this is a good reading book. Heya Mr. and Mrs. stressful do you still doubt this?

Kenneth Connolly:

Reading a guide makes you to get more knowledge from it. You can take knowledge and information from a book. Book is created or printed or descriptive from each source which filled with updates of news. On this modern era like today, many ways to get information are available for an individual. From media social such as newspaper, magazines, science guide, encyclopedia, reference book, fresh and comic. You can add your understanding by that book. Ready to spend your spare time to spread out your book? Or just searching for the The story of the alphabet when you required it?
