Bats of the Republic: An Illuminated Novel Zachary Thomas Dodson

***Bats of the Republic* is an illuminated novel of adventure, featuring hand-drawn maps and natural history illustrations, subversive pamphlets and science-fictional diagrams, and even a nineteenth-century novel-within-a-novel—an intrigue wrapped in innovative design.**

In 1843, fragile naturalist Zadock Thomas must leave his beloved in Chicago to deliver a secret letter to an infamous general on the front lines of the war over Texas. The fate of the volatile republic, along with Zadock's future, depends on his mission. When a cloud of bats leads him off the trail, he happens upon something impossible...

Three hundred years later, the world has collapsed and the remnants of humanity cling to a strange society of paranoia. Zeke Thomas has inherited a sealed envelope from his grandfather, an esteemed senator. When that letter goes missing, Zeke engages a fomenting rebellion that could free him—if it doesn't destroy his relationship, his family legacy, and the entire republic first.

As their stories overlap and history itself begins to unravel, a war in time erupts between a lost civilization, a forgotten future, and the chaos of the wild. *Bats of the Republic* is a masterful novel of adventure and science fiction, of elliptical history and dystopian struggle, and, at its riveting core, of love.
