What could you accomplish with two extra hours in your day?

For over a year now, I've woken up every day at five o'clock in the morning to work on my goals and dreams. I know that sounds crazy, but stay with me... I was tired of waking up late, rushing through my day, and being so tired after getting the kids to bed that I didn't have any energy left to do anything. It felt like one of my favorite movies, Groundhog Day. Every day felt exactly the same. I was living my life but I wasn't doing anything to improve my life.

I challenged myself to wake up just a few minutes earlier every day for 30 days and after a month, I was waking up two hours earlier and focusing on my dreams before the rest of the world could wake up and ask me for chocolate milk or demand a TPS report. The results were AMAZING.

Over the last year, I've used my early mornings to pray, read, and write. I've learned so much and wrote seven books. I found the time I never knew I had.

In The 4-Minute Morning, I'll show you how you can wake up early and work on your goals and dreams, too.

Are you looking for more time in your day? Waking up early just may be the answer. Click on the link on the right to download a free sample of this book. -Ken
