They say 1 in every 25 people is a sociopath. They live amongst us, these master manipulators with no regard for other people. With every flattering compliment they leave you, there is an ulterior motive, and once they discover what's most important to you, they will exploit you to no end. They'll take advantage of you, and, if you allow them to get to close or intimate with you, they might just take you for every cent you have. Unfortunately, there is no avoiding these sharks, but there is a way to spot them quickly, and deal with them effectively when you absolutely need to.

I wrote this book with the intention to provide that way for anyone facing a sociopath at work, in a relationship, or in any other area of life.
