**Herobrine has crafted an evil game for Gameknight999 to play.**

Herobrine, the artificially intelligent virus, was deleted. The computer it resided in was completely destroyed. Without their leader, the few survivors of its evil army were cast away into the shadows. It looked as if there would finally be peace and happiness throughout the servers of Minecraft.

But suddenly, and mysteriously, software began misbehaving. Sheep fell from the sky. Snowballs appeared out of nowhere. What seemed at first like harmless glitches quickly became dangerous. Pigs begin walking backwards, it starts to snow in the middle of the desert, and sheep are falling from the sky.

Gameknight999, the User-that-is-not-a-user, has no choice but to investigate. But the odd yet harmless pranks are turning deadly, and it's not long before entire villages are completely destroyed. Examining the arrogant clues, Gameknight is no longer so sure that Herobrine was destroyed after all. Is it possible he escaped? Everything points towards a deadly trap far worse than anything that Minecraft has seen before. Will Gameknight solve the puzzle before the Overworld is destroyed?

Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a *New York Times* bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
