Math Superstars Addition Level 3 (Essential Math Facts for Ages 5 to 8) (Bugville Learning Adventures) Robert Stanek

Curriculum-based and teacher-approved. This isn't your traditional addition fact book. It's fun. It's a bit irreverent. And it's designed to grow with your child's advancing skills. Inside you'll find essential addition facts presented as math equations, word problems, and visual problems.

Built-in breaks, brain teasers, and challenge questions are included as well. It's all designed to make math practice easy and fun. Whether your child is starting to learn addition or is working to increase existing addition skills, this book will build on that foundation while making learning an adventure.

Use this book to help your child learn essential math facts. The book focuses on addition facts for adding the numbers 7 through 9 to the numbers 1 through 12, and also helps your child develop an understanding of many other related concepts.

Combine with Critter Addition Essentials Levels 1, 2 and 4 to cover all the math facts for adding the numbers 0 through 12 to whole numbers up to 12.

***Practicing Math Has Never Been So Easy Or Fun!

From reader reviews:

Brenda Gregg:

Reading a publication tends to be new life style in this era globalization. With studying you can get a lot of information that may give you benefit in your life. With book everyone in this world can share their idea. Publications can also inspire a lot of people. A lot of author can inspire their very own reader with their story or perhaps their experience. Not only the storyplot that share in the guides. But also they write about the data about something that you need example. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book which exist now. The authors in this world always try to improve their talent in writing, they also doing some investigation before they write on their book. One of them is this Math Superstars Addition Level 3 (Essential Math Facts for Ages 5 to 8) (Bugville Learning Adventures).

Adrian Rogers:

Would you one of the book lovers? If yes, do you ever feeling doubt if you find yourself in the book store? Try to pick one book that you never know the inside because don't determine book by its protect may doesn't work the following is difficult job because you are scared that the inside maybe not while fantastic as in the outside look likes. Maybe you answer can be Math Superstars Addition Level 3 (Essential Math Facts for Ages 5 to 8) (Bugville Learning Adventures) why because the fantastic cover that make you consider in regards to the content will not disappoint a person. The inside or content is definitely fantastic as the outside as well as cover. Your reading sixth sense will directly direct you to pick up this book.

Bradford Padgett:

Are you kind of hectic person, only have 10 as well as 15 minute in your day to upgrading your mind expertise or thinking skill possibly analytical thinking? Then you have problem with the book in comparison with can satisfy your limited time to read it because this all time you only find reserve that need more time to be examine. Math Superstars Addition Level 3 (Essential Math Facts for Ages 5 to 8) (Bugville Learning Adventures) can be your answer given it can be read by you actually who have those short free time problems.

Delores Keener:

What is your hobby? Have you heard that question when you got scholars? We believe that that query was given by teacher for their students. Many kinds of hobby, All people has different hobby. Therefore you know that little person like reading or as studying become their hobby. You have to know that reading is very important as well as book as to be the factor. Book is important thing to include you knowledge, except your personal teacher or lecturer. You see good news or update in relation to something by book. Many kinds of books that can you choose to adopt be your object. One of them is this Math Superstars Addition Level 3 (Essential Math Facts for Ages 5 to 8) (Bugville Learning Adventures).
