As a university student, I exactly feel bored to be able to read. If their teacher asked them to go to the library as well as to make a summary for some book, they are complained. Just very little students that have reading's soul or real their passion. They just do what the trainer wants, like asked to go to the library. They go there but nothing reading critically. Any students feel that reading is not important, boring and can't see colorful photographs on there. Yeah, it is for being complicated. Books are very important for yourself.
