Alissa grew up in a family that did not pay attention to her and for that reason she rebelled at an early age. The summer after she graduated high school her parents decided that they wanted to spend time with her and her father's best friend Mitch invited them to his cabin for the summer.

Mitch was a doctor and had known Alissa's parents as long as he could remember. He loved spending time with them as well as their daughter but never expected what Alissa had planned for him. Alissa has decided that she is not going to allow her parents to enjoy their final summer with her. They all knew that once she left for college she was not going to come back but they had no idea just how much she resented them. Alissa plotted to tease the doctor and cause tension between him and her father but what happens is not what she was planning.
