Interregnum (Children of Steel) (Volume 2) John Van Stry

The war is over, Raj and Cassandra are together, and everything should be 'happily ever after', and return to normal, right? Well, they would be, but Cassandra still has issues to overcome after spending three years in POW camps where abuse and even torture were commonplace and many of the guards were sadists. Raj has gotten over most of his problems, after all he did save his mate's life, but there are still issues from his past that are dogging him. And of course, there are just a few minor things that need to be cleaned up, leftover issues from the war, and some of those issues shoot back. Interregnum is the sequel to 'Children of Steel' and picks up where it left off, continuing to follow the life of Raj, a genetic construct and wage slave to one of the major corporations that dominate Human explored space.
