"excerpt"

Trillion Cells

What always fascinated me is, The Atom Bomb. Simply splitting one atom can release such a force it could destroy a city like London, New York or Hong Kong and we consist of TRILLIONS of them. Its not that we have been lied to, we have never been told the truth.

That is why I want to build the first Jedi Temple. To have a beacon, a SYMBOL OF TRUTH. A place where true knowledge can be shared.

So children are not packed into classrooms for 18 years of their life learning things that they will never use, instead they will be taught to use their imagination and told how magnificent they are. I will introduce them to the areas that we need to evolve the most, as children are 10 times more creative than adults.
