Professional Issues in Nursing: Challenges and Opportunities Carol J. Huston

Designed to be used in both pre- and post-licensure nursing programs, Professional Issues in Nursing: Challenges and Opportunities 4e has an undiluted focus on professional issues in nursing and includes many timely workplace issues, workforce issues, legal and ethical issues, nursing education, and issues related to professional power and furthering the nursing profession. Unlike “issues and trends” textbooks that cover everything from nursing research to nursing theory, this text is devoted to the “hot topics” of the time which allows students to be “in the know” rather than be in the camp of students unprepared to maneuver the political and social issues that impact their role as a nurse.

From reader reviews:

Hayden Roberts:

Information is provisions for individuals to get better life, information today can get by anyone at everywhere. The information can be a information or any news even a problem. What people must be consider if those information which is inside former life are challenging to be find than now's taking seriously which one is acceptable to believe or which one the actual resource are convinced. If you find the unstable resource then you obtain it as your main information there will be huge disadvantage for you. All of those possibilities will not happen in you if you take Professional Issues in Nursing: Challenges and Opportunities as the daily resource information.

Christina Ruiz:

Reading a guide tends to be new life style on this era globalization. With studying you can get a lot of information that could give you benefit in your life. Having book everyone in this world can share their idea. Guides can also inspire a lot of people. Lots of author can inspire their very own reader with their story or maybe their experience. Not only the storyline that share in the guides. But also they write about the knowledge about something that you need example. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that you can get now. The authors on this planet always try to improve their skill in writing, they also doing some investigation before they write with their book. One of them is this Professional Issues in Nursing: Challenges and Opportunities.

Larry Hayes:

This Professional Issues in Nursing: Challenges and Opportunities is great reserve for you because the content that is certainly full of information for you who also always deal with world and still have to make decision every minute. That book reveal it details accurately using great coordinate word or we can claim no rambling sentences within it. So if you are read the item hurriedly you can have whole details in it. Doesn't mean it only provides straight forward sentences but difficult core information with beautiful delivering sentences. Having Professional Issues in Nursing: Challenges and Opportunities in your hand like getting the world in your arm, details in it is not ridiculous one particular. We can say that no guide that offer you world within ten or fifteen second right but this e-book already do that. So , this really is good reading book. Hey there Mr. and Mrs. hectic do you still doubt this?

David Auman:

Is it you actually who having spare time in that case spend it whole day by watching television programs or just telling lies on the bed? Do you need something new? This Professional Issues in Nursing: Challenges and Opportunities can be the respond to, oh how comes? The new book you know. You are thus out of date, spending your time by reading in this completely new era is common not a geek activity. So what these publications have than the others?
