**Code of the Illuminati (The Antisocial Conspiracy) - Annotated Conspiracy of Illuminati** Abbé Barreul  
Founded in 1776, shortly before the American Revolution, the Bavarian Illuminati were a secret society with a revolutionary ideology, and a centralized structure. According to Abbé Barreul, they subverted the Masonic lodges of Europe, and were one of the key driving forces behind the French Revolution. New members were gradually initiated into the group's radical ideas, which, according to Barreul, were atheist and anarchist in essence.

This book is the third part (of four) of Abbé Barreul's massive polemic history of the French Revolution. This portion of this book is of interest because it contains extensive quotes from the actual literature of the Bavarian Illuminati. This is the most comprehensive work in English on the historical theory, structure and practice of the Bavarian Illuminati. It complements Robison's Proofs of a Conspiracy, the other major contemporary account.
