Introducing Sociolinguistics

Miriam Meyerhoff

Introducing Sociolinguistics Miriam Meyerhoff

'Here is a welcome introduction to sociolinguistics by a leading researcher in the field. Users will be inspired by the breadth and sweep of Meyerhoff's treatment.' – *William Labov, University of Pennsylvania, USA*

'Miriam Meyerhoff's entertaining volume revels in the diversity that is the cornerstone of sociolinguistics – she takes us to every continent to provide contemporary, refreshing and engaging examples of the key concepts of the discipline, and does so in a well-paced and readable style. The book is authoritative yet open-minded, innovative yet touches all the bases that need to be touched. Most of all, it embodies a passion for sociolinguistics that I hope many readers will embrace.' – *David Britain, University of Essex, UK*

This key text provides a solid, up-to-date appreciation of the interdisciplinary nature of the field. It covers foundation issues, recent advances and current debates – presenting familiar or classic data in new ways, and supplementing the familiar with fresh examples from a wide range of languages and social settings. It clearly explains the patterns and systems that underlie language variation in use, as well as the ways in which alternations between different language varieties index personal style, social power and national identity.

Individual chapters cover:

- social dialects and individual style
- language attitudes
- politeness
- multilingualism and language choice
- real time and apparent time change in language
- social class, social networks and communities of practice
- gender
- language and dialect contact.

Each chapter includes exercises that enable readers to engage critically with the text, break out boxes making connections between sociolinguistics and linguistic or social theory, and brief, lively add-ons guaranteed to make the book a memorable and enjoyable read. With a full glossary of terms and suggestions for further reading, this text gives students all the tools they need for an excellent command of sociolinguistics.

From reader reviews:

Martha Skaggs:

As people who live in typically the modest era should be update about what going on or facts even knowledge to make them keep up with the era that is always change and make progress. Some of you maybe will certainly update themselves by reading books. It is a good choice for you but the problems coming to you actually is you don't know what kind you should start with. This Introducing Sociolinguistics is our recommendation to help you keep up with the world. Why, as this book serves what you want and need in this era.

Joseph Thomas:

Many people spending their time by playing outside with friends, fun activity with family or just watching TV 24 hours a day. You can have new activity to shell out your whole day by studying a book. Ugh, ya think reading a book can really hard because you have to use the book everywhere? It all right you can have the e-book, delivering everywhere you want in your Smart phone. Like Introducing Sociolinguistics which is keeping the e-book version. So , try out this book? Let's observe.

Colleen Nguyen:

Do you like reading a book? Confuse to looking for your preferred book? Or your book has been rare? Why so many problem for the book? But any people feel that they enjoy to get reading. Some people likes studying, not only science book but in addition novel and Introducing Sociolinguistics or others sources were given knowledge for you. After you know how the great a book, you feel wish to read more and more. Science publication was created for teacher or students especially. Those textbooks are helping them to include their knowledge. In other case, beside science publication, any other book likes Introducing Sociolinguistics to make your spare time much more colorful. Many types of book like this.

Cara Fultz:

A lot of book has printed but it differs. You can get it by net on social media. You can choose the most effective book for you, science, comedy, novel, or whatever by simply searching from it. It is known as of book Introducing Sociolinguistics. You can contribute your knowledge by it. Without making the printed book, it can add your knowledge and make you actually happier to read. It is most important that, you must aware about e-book. It can bring you from one destination for a other place.
